AGRI-LITE Soil Amendment

PRODUCT DESCRIPTION

AGRI-LITE is a proprietary blend of naturally occurring minerals, nutrients and microbials designed to improve soil properties to create increases in plant/crop growth and yields.

BENEFITS:

- ▶ **Assists Plants to Better Utilize Nutrients**
- ▶ **Increases Organic Content of Soil**
- ▶ **Increases the Cation Exchange Capacity of Soils**
- ▶ **Contributes to a Friable Soil Structure**
- ▶ **Stimulates Germination and Root Formation**
- ▶ **Provides a Food Source for Microbes**
- ▶ **Enhances Ability of Soil to Retain Water**
- ▶ **Reduces Leaching of Essential Nutrients**
- ▶ **Promotes Aeration of Soil and Prevents Compaction**
- ▶ **Acts as a Moisture Trap in the Soil**
- ▶ **Supports Microbe Activity in the Soil**
- ▶ **Enhances Root Development for Better Absorption of Water and Nutrients**

PROPERTIES

Color: Light Tan/Brown

Moisture Content: 3%

pH: 5 to 6

Density: 56 lbs./cubic ft.

Particle Size: 8 mesh and < 100 mesh
